

LIGHTING SOLUTIONS SMOKE MACHINE

REV: 1/069/1.0

Congratulations on your purchase of this Smoke Machine unit.
Please read all instructions carefully before use.

INSTALLATION

For your convenience a mains plug with a 5 Amp fuse has been supplied with this appliance. This is placed into the power socket on the rear of the machine. For your safety please observe the following information.

The smoke machine is designed to operate on an AC mains supply between 220 and 240 volts, 50 Hz.
The wires in the mains lead are coloured in accordance with the following code:

GREEN AND YELLOW

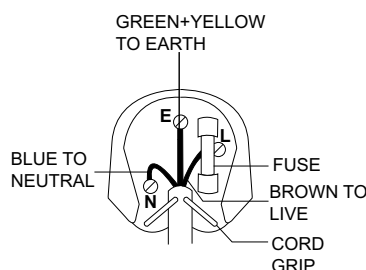

BLUE

BROWN

EARTH

NEUTRAL

LIVE

IN USE

This rugged, powerful, state-of-the-art smoke machine comes supplied with a starter bottle of smoke fluid to get you going, smoke fluid is a consumable item and is not covered by any form of warranty.

We recommend the Acoustic Solutions replacement smoke fluid which you can obtain by returning the order form below. It is important that the equipment is disconnected from the mains supply before replacing the fluid.

UNDER NO CIRCUMSTANCES SHOULD ANY NON-GENUINE SMOKE FLUIDS BE USED WITH THIS MACHINE.

CAUTION: DANGEROUS VOLTAGES EXIST INSIDE THIS UNIT. DO NOT REMOVE ITS COVER.

REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

DISCONNECT FROM THE MAINS SUPPLY WHEN NOT IN USE.
